## Walton Transport specialises in refrigerated haulage throughout Ireland, the UK and Mainland Europe.

We offer our customers the premium service they demand for all their temperature controlled transport needs.

Walton Transport is based near Kilkenny, Ireland. We have been servicing the Irish and U.K. market specialising in chilled and frozen food deliveries over 20 years.

Walton Transport also services the continental market, including Belgium, France, The Netherlands, Denmark or wherever our clients have demand for deliveries and collections.

Delivering daily between Ireland and the U.K., we provide a top quality reliable service, with equipment that is always clean and maintained to a very high standard.

## Fleet

Walton Transport has a fleet of around 60 trucks and over 100 trailers. This fleet is being constantly updated and well maintained to ensure a quality service to our customers. We have our own maintenance facilities based in Kilkenny and we work with other servicing and breakdown companies in Ireland, the UK and Europe.

Our trucks comprise of: Scania, Renault, MAN, Mercedes, Daf and Volvo

We specialise in refrigerated transport and our trailers are fitted with the most up-to-date fridges from Carrier and Thermo King.

Our trailers have:

Maximum Weight – 22 tonnes  
Maximum Height – 2.6 metres  
Maximum Width – 2.5 metres  
Internal Length – 13.2 metres

## Types of trailers we can provide include:

**Single Temperature Fridges** – fitted with state-of the temperature systems which are recorded and monitored.

**Multi Temperature Fridges** – can be used for both full loads of chilled, frozen and ambient product as well as accommodating Groupage loads. These trailers allow us the flexibility of servicing all our customers transport needs.

**Split Fridges** – like the multi temperature fridges these trailers allow us to meet all our customer requirements for both full loads and Groupage.

**Double Deck Trailers** – allows for 52 standard pallets or 66 euro pallets!

**Hanging Trailers** – fitted with hooks for transportation of meat

**Curtainsider Trailers** – allows for more specialised transportation of particular goods.
